

The Holiday club will run from **10-3** at **The Zone, Bolton Street, Bury, BL9 0LL**. The days are perfect for children aged 4-10.

Thomas, Cars, Planes- 31st May Children will be exploring engineering. Discover steam and wind power in various experiments that will get children thinking about different types of power. Chain Reaction Science - using trains to explore cause and affect relationships. Learn about friction and forces looking at road surfaces. Make science fun and playful by making a magnet powered car! Egg carton crafts don't get much cooler than this!! An egg carton helicopter that really flies! Children will make their own Paper Flyers (Whirligig and Straw Plane) Finishing with Spiral Aeroplanes.

Jungle Book, Finding Nemo 1st June They will start their journey at the top of the rainforest in the canopy and work their way down to the forest floor where they will explore the swamp. Find bubble snakes. Create rainforests in a bottle. Take a closure look at animals and work out where they may live in the rainforest. Head into the ocean and create underwater creatures using chromatography. Find Nemo using a static electricity experiment. See what floats and sinks in the ocean and learn about water population.

Star Wars, Wizard of Oz 2nd June Will you be ready when the force awakens? Children will make glowing light saber sensory bottles! Using chemical reactions children will save Hans Solo from the Drones and explode the Death Star and find R2D2 in the frozen space rocks. Children will then following the yellow brick road, after creating tornadoes. Find where the Tin Man's heart is and discover what the heart does in our bodies. Take a closure look at what makes up blood. Investigate rainbows, what are they; how they are made; making three different types of rainbows, the day will finish with melting the wicked witch of the east.

Frozen, Ice Age 3rd June Children will start by making a snowy landscape at Queen Elsa coronation. Create Snow Storms and snowflakes. Children will then crack the ice blocks to rescue the frozen animals before making earthquakes. The day will finish by making 3 different volcanoes, one of which will be a thermic reaction so will give off heat
